Packaging Printing:

- Packaging is growing into the most in demand print field.
- Most common printing method is flexography.

Digital Printing:

- Modern form of printing suited for lower print demand.
- Specializes in variable data printing for tickets, personalized ads, etc.

Design Software:

- Increased accessibility of design through computers.
- Made the "what you see is what you get" effect.

Offset Printing:

- Prints by having ink rollers cover a plate cylinder that transfers the design to a blanket cylinder, which prints on a substrate held by a pressure cylinder.

Block Printing:

- Woodblock printing: created by Bi Sheng around 1048.
- Printing Press with movable type: made by Gutenberg in the mid 1400's.

PRINT IS A POWERHOUSE
